PIXMA® iP4820 Photo Printer

High Performance Inkjet Photo Printer with Built-in Auto Duplex Printing.

For customers looking for a printer able to print both high quality photos & documents quickly, the iP4820 delivers.

- **Incredible 9600 x 2400 maximum color dpi for the best in photo lab printing.[1]**
- **The Chromalife100+ system delivers beautiful, long-lasting photos.**
- **The all new Full HD Movie Print software turns favorite moments from captured HD movies into beautiful prints.[2]**
- **Keep it eco-conscious: Built-in 2-sided printing helps the environment and can cut paper usage by up to 50%**

9600dpi Maximum

High Resolution Photo-Lab Quality Prints
Beautifully detailed, grain-free prints with the iP4820's maximum 9600 x 2400 dpi color resolution.[1]

ChromaLife100+

Beautiful Long-Lasting Photos
Photos printed from the iP4820 will be preserved for future generations with the ChromaLife100+ system: 300 years in an album, 30 years behind a glass frame and 20 years out in the open.[3]

Full HD Movie Print

Transform Family Memories into Long-lasting Photos
Save that special moment -- turn favorite HD movie clips captured with Canon EOS Digital SLR or Powershot cameras into long-lasting printed photos with Full HD Movie Print.[2]

5 Individual Inks | Auto Duplex Print

Environmentally & Cost Effective
Replace only the colors that you use with Individual ink tanks. Your customers can save money and reduce plain paper waste by up to 50% by printing **2-sided documents**.

Paper Suggestion
Photo Paper Plus Glossy II
A glossy finish paper that produces rich colors and gives photos a traditional look.

PIXMA® iP4820 Photo Printer

Why Choose the iP4820

Over the Epson Artisan 50

- Faster document print speeds in both black and in color.[6]
- Beautiful images and documents with the IP4820's 9600 x 2400 dpi maximum resolution.[1]
- Direct photo printing from a digital camera or camera phone via the iP4820's PictBridge port.[5]

1 Resolution may vary based on printer driver setting. Color ink droplets can be placed with a horizontal pitch of 1/9600 inch at minimum.
2 "Full HD Movie Print" is available from 'MOV' movie files created by Canon digital cameras. From PC, or Mac with Intel® processor. Requires Canon ZoomBrowser EX 6.5 or later, or Canon ImageBrowser 6.5 or later.
3 Canon cannot guarantee the longevity of prints; results may vary depending on printed image, drying time, display/storage conditions and environmental factors. See **www.usa.canon.com/chromaLife100plus** for additional information.
4 Photo print speeds are based on the standard mode driver setting using photo test pattern(s) and select Canon Photo Paper. Print speed is measured as soon as first page begins to feed into printer and will vary depending on system configuration, interface, software, document complexity, print mode, types of paper used and page coverage. See **www.usa.canon.com/printspeed** for additional information. Supported paper types for borderless printing are as follows: Photo Paper Pro Platinum, Photo Paper Pro II, Photo Paper Plus Glossy II, Photo Paper Plus Semi-gloss, Photo Paper Glossy and Matte Photo Paper.
5 Requires mobile phone equipped with PictBridge technology and a USB cable.
6 ISO/IEC 24734, 24735 define the default print and copy speed measurement methods. Print speeds are the averages of ESAT in Office Category Test for the default simplex mode, ISO/IEC 24734, excluding time to print the first set. Copy speed is the average of FCOT, ISO/IEC 24735 Annex D. See our **www.usa.canon.com/ipm** for additional details.
7 System requirements vary by application. Easy-WebPrint EX is Compatible with Microsoft Internet Explorer 7 in Windows 7, Windows Vista or Windows XP Safari 4 and 5 for MAC in OS X V10.5 or later only. Not included on installation CD. Requires Internet connection during installation. See **www.canontechsupport.com** for updated compatibility.
8 Warranty programs are subject to certain conditions and restrictions. See **www.usa.canon.com/support** for details.
